

Proposal: Antikythera Mechanism at LA28 Olympic Opening Ceremony

Celebrating Innovation
from Antiquity to the
Future

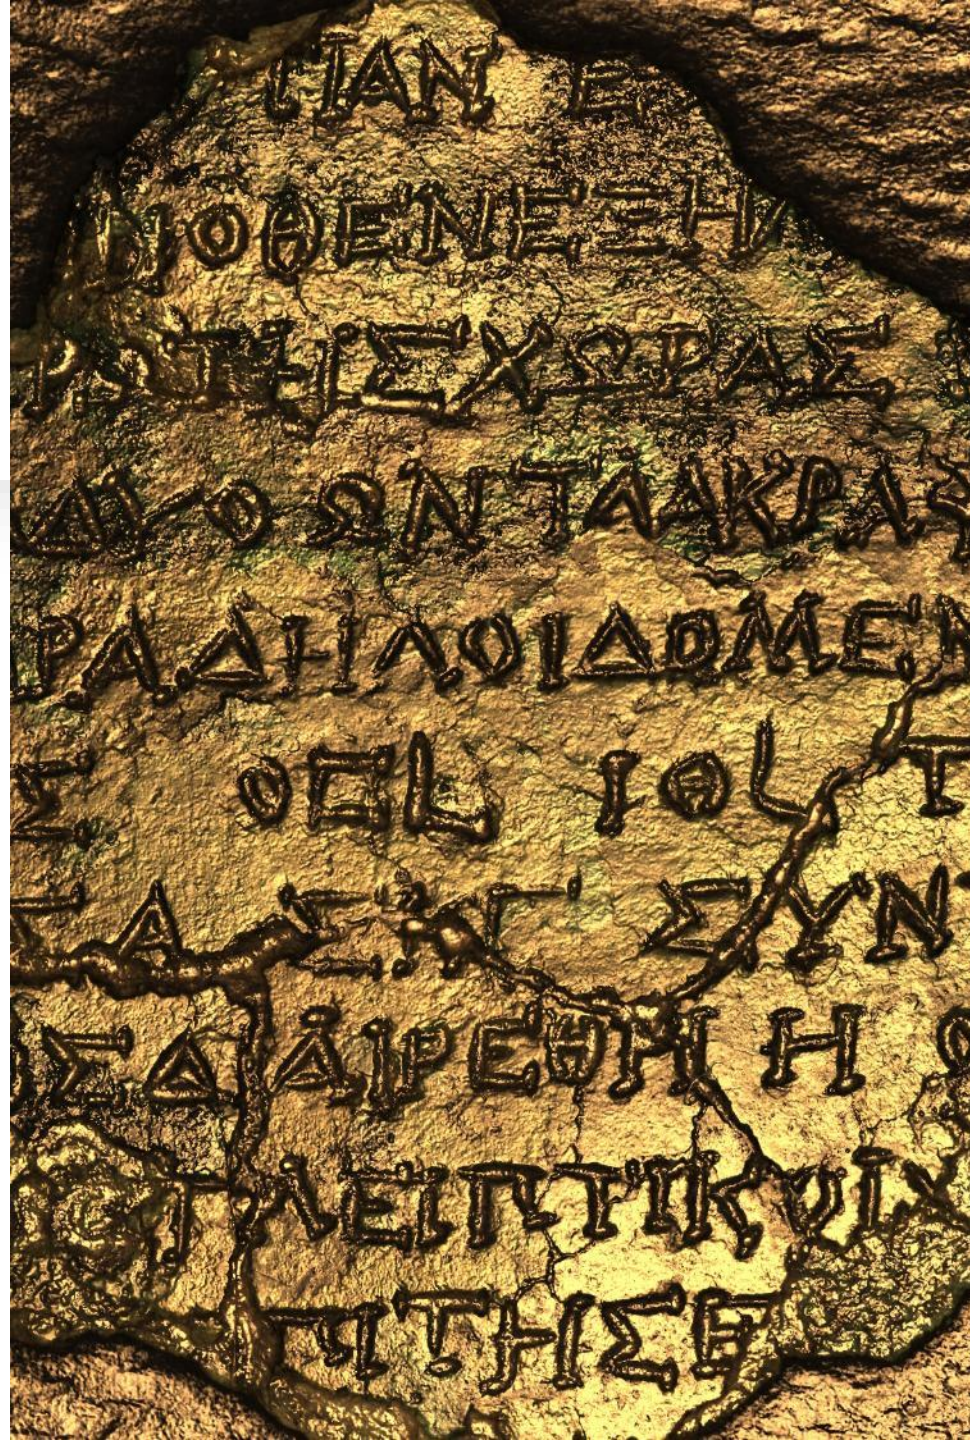

Introduction

- We propose a historic and inspirational addition to the 2028 Olympic Games Opening Ceremony in Los Angeles: a presentation of a model of the Antikythera Mechanism—the world's first known analog computer.

Why the Antikythera Mechanism?

- • Ancient Greek device used to calculate dates of Olympic and Panhellenic Games
- • Symbol of humankind's timeless pursuit of knowledge and understanding
- • Represents fusion of innovation, ingenuity, science, culture, and history and teaches the young

Προβάλλει την Ελλάδα

Θα προβάλλει την Ελλάδα για πάντα

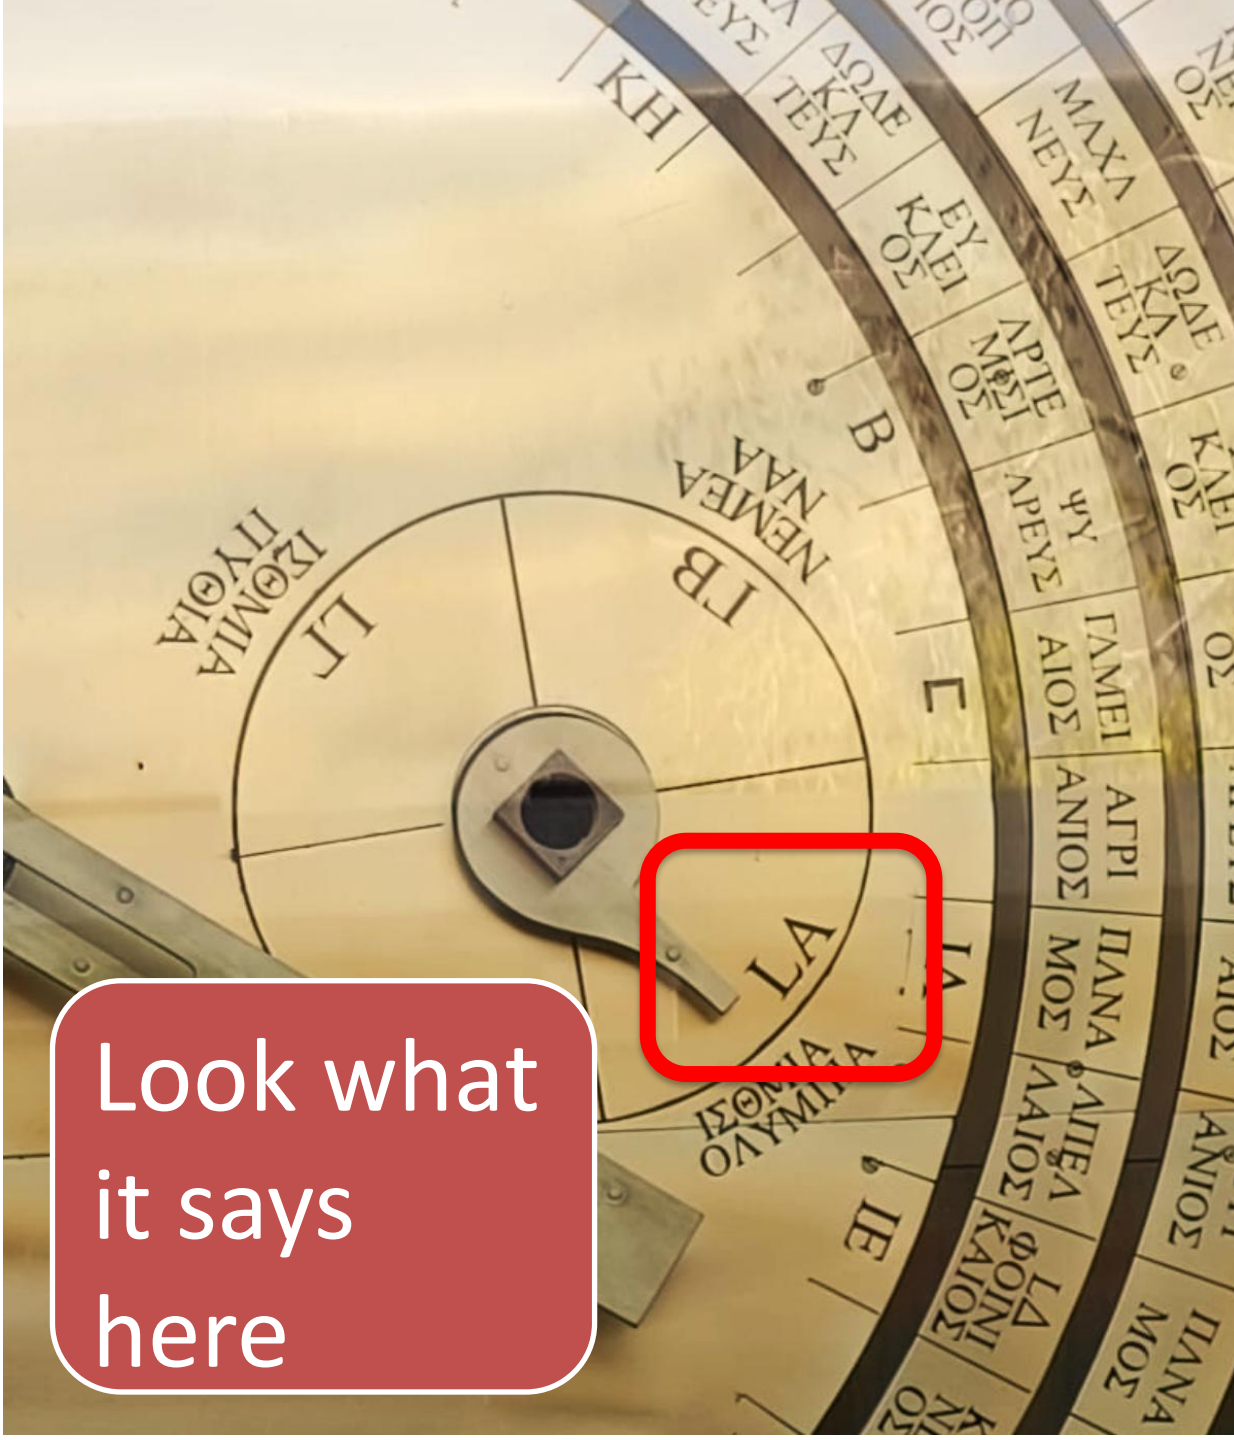

Why LA28?

- Los Angeles is a beacon of innovation, creativity, and technology
- A perfect place to connect ancient knowledge with modern achievement
- Reinforces Olympic values of excellence, inspiration, and education

Why LA28?

- Los Angeles is a beacon of innovation, creativity, and technology
- A perfect place to connect ancient knowledge with modern achievement
- Reinforces Olympic values of excellence, inspiration, and education

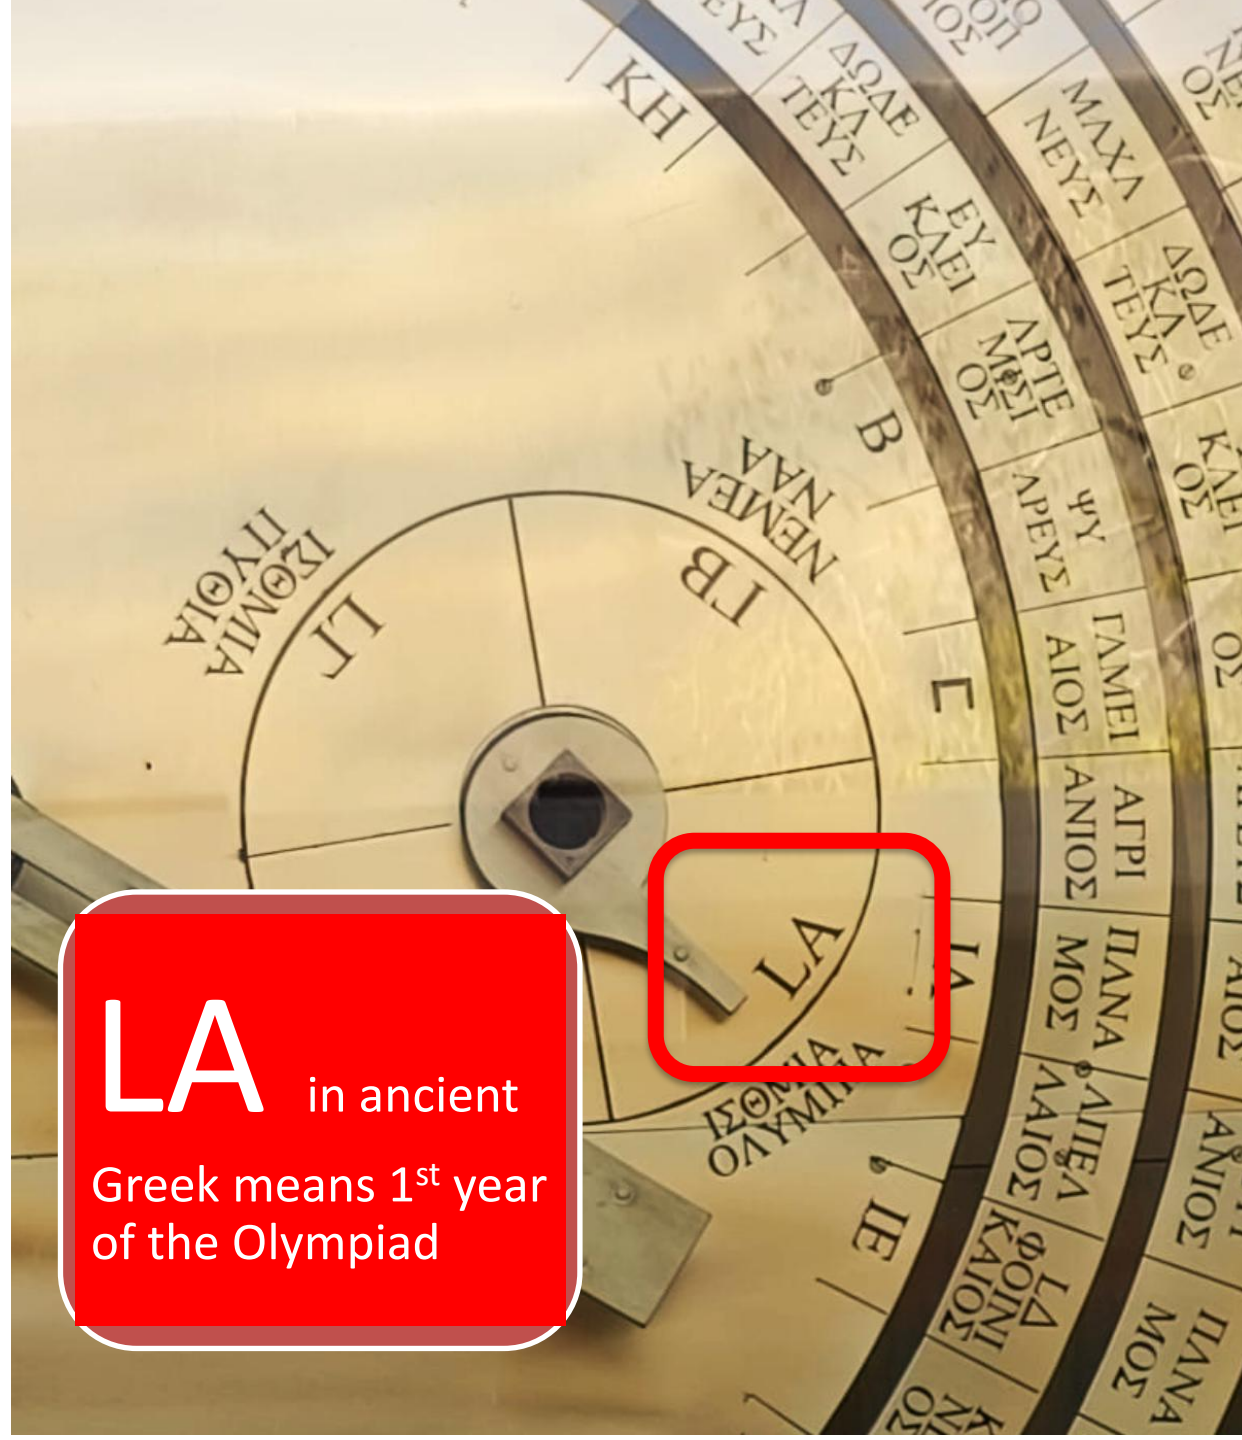

Look what
it says
here

Why LA28?

- Los Angeles is a beacon of innovation, creativity, and technology
- A perfect place to connect ancient knowledge with modern achievement
- Reinforces Olympic values of excellence, inspiration, and education

LA in ancient
Greek means 1st year
of the Olympiad

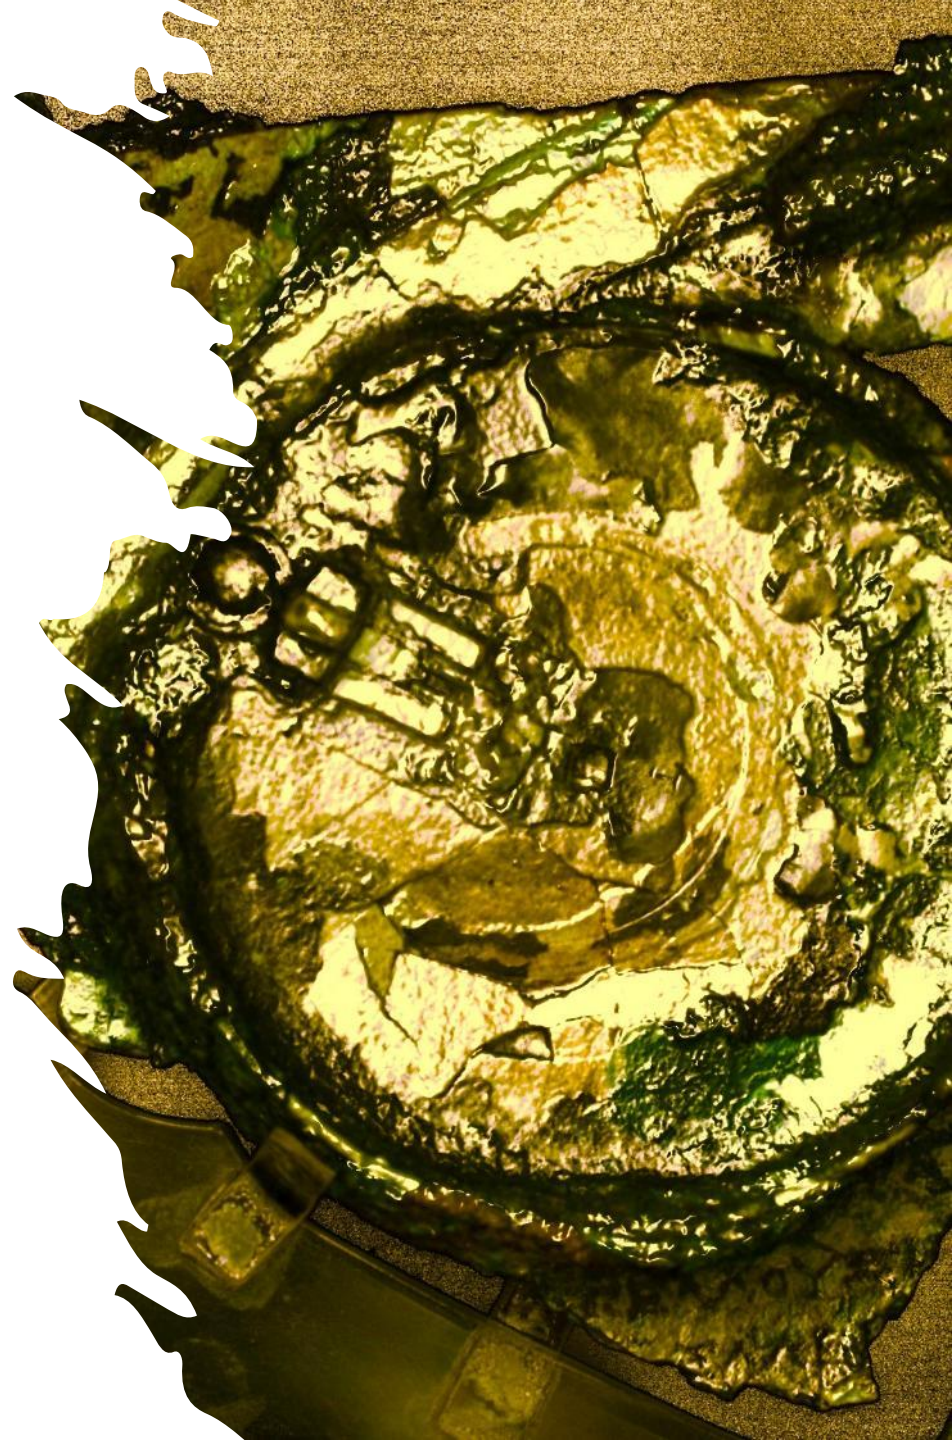

Key Moment in Ceremony

- An athlete or key figure presents the Antikythera Mechanism model on stage
- Symbolizes unity of past and future, tradition and innovation
- Complements Olympic flame as a symbol connecting generations

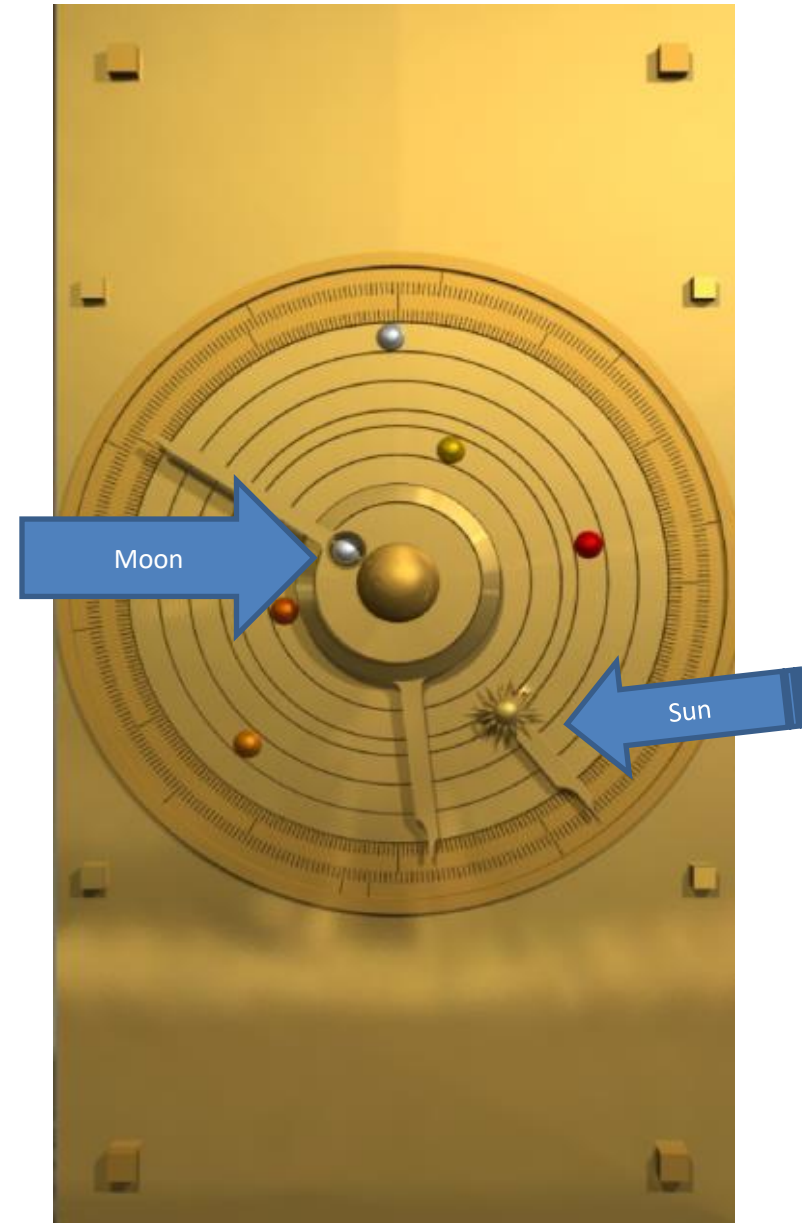

Broader Impact

- • Honors ancient Greek contributions to science and global culture
- • Promotes STEM education and global collaboration
- • Offers a timeless story of human ingenuity

Support & Next Steps

- Write articles

Support & Next Steps

- Radio
- &
- TV

Support & Next Steps

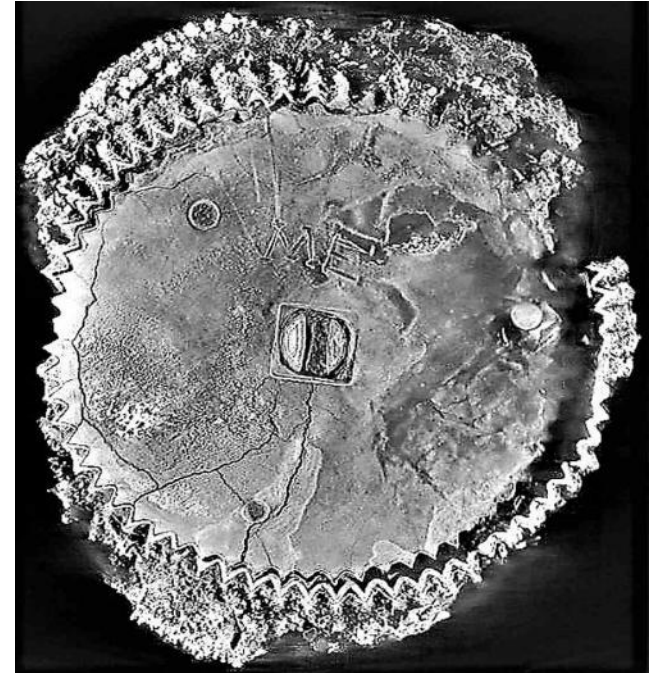

- Letters and discussions with Olympic Committees, Politicians, Academics, Athletes, influencers, the People

Support & Next Steps

- Draft letters of support available

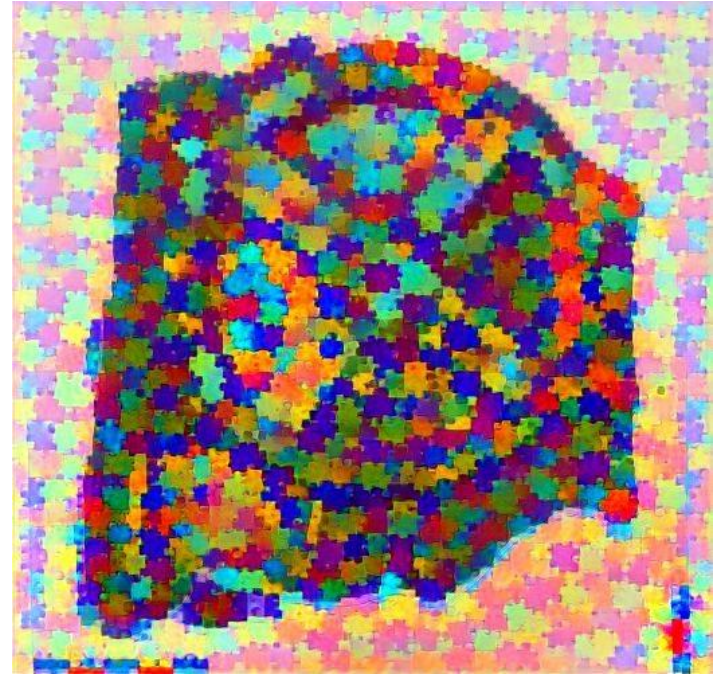

- <http://users.uoa.gr/~xmoussas/>
